Faith Community Nurse Visitation Guidelines

Centra Health encourages the involvement of Faith Community Nurses in offering care to members of their Faith Communities who are patients or residents in Centra Health facilities.

To assist you in your ministry we offer:

- Faith Community Nurse ID badges to identify you to our employees, volunteers, and physicians at Centra Health facilities.

As you go about your ministry to members of your Faith Community in Centra Health facilities we ask you to follow a few guidelines.

- Conduct yourself at all times in keeping with your role as a Faith Community Nurse.
- Centra Health has a “No Solicitation” Policy. With the exception of members from your Faith Community, please do not distribute religious literature.
- Please wear your Faith Community Nurse ID badge when visiting in any of the Centra Health facilities.
- Honor the privacy and confidentiality of patients, residents, and family members.
- Respect Isolation signs and any other guidelines posted on a patient’s or resident’s door.
- When visiting in the Emergency Department or any Intensive Care Units, check with the Nurses’ Station first before you visit.
- Report any problems or concerns you have about Faith Community Nurse visitation to the Chaplains’ Office at 947-4501.
